

## Connections that make a difference.

We architect and deliver practical Community Connect solutions.

Epic® Community Connect provides opportunities for healthcare providers to maximize the value of their EHR IT investments. It promotes a community record for the host and its affiliates, provides access to the industry-leading EHR to a broad range of organizations, supports regulatory compliance and enhances patient experience.

### Pivot Point can help.

We've earned the confidence of hundreds of healthcare organizations and are recognized as a KLAS-ranked leader for our expertise in planning, deploying and optimizing Epic® EHR – including Community Connect.

### We help you Connect – where you need us most.

We offer a broad range of Community Connect services – from turnkey Connect programs to specialized resources and advisory services.
