

# Do it right the first time.

We architect and deliver successful EHR implementations.

Given the cost and complexity of EHR implementations, it's important to carefully architect and execute from planning, building, training and post-live support.

## Pivot Point can help.

We help you maximize your EHR investments and your implementation experience. We've worked for leading systems and vendors so we understand your challenges, appreciate that every company is different and know what it takes to implement successfully.

## Trusted EHR implementation and experts.

We support your implementation wherever you need us – strategic planning, thoughtful execution and ongoing guidance.

### ALL-STAR TALENT.

Pivot Point Consulting is ranked 2020 #1 Best in KLAS: Overall IT Services Firm. We have also been ranked top three Best in KLAS for HIT Implementation and Support for four years running (2015 / 2016, 2017, 2018 and 2019), Highest Rated Vendor in KLAS Implementation Services in the Select Category (July 2017) and #1 in KLAS for Epic Consulting in the Select Category (2016).

### 10+ YEARS OF IMPLEMENTATION EXPERIENCE.

Our Consultants average 10+ years of hands-on experience building, testing and training, as well as go-live, stabilization, implementation and upgrade support.

### BEST PRACTICE TOOLS.

Given our deep EHR implementation experience, we've built leading tools and methodologies to increase the efficiencies of our projects to support a successful transition.

### CHANGE THAT STICKS.

Adoption is key to any implementation, but it's often overlooked. We conduct comprehensive change readiness assessments across your organization to ensure that what we build together sticks and to help you deliver change management strategies.

### PROVEN PLANS CUSTOMIZED FOR YOU.

We balance technical with organizational requirements to get the most out of your EHR system at go-live and for the long run.

### EHR SOFTWARE IMPLEMENTATION EXPERTISE.
