

We're your Epic® partner.

Maximize the value of your Epic investment.

Whether you're considering an Epic implementation, support, upgrade or long-term training program, it's important to find an experienced, practical partner to work with you to develop a game plan and timeline for deliverables – and has proven that they can get things done effectively.

Pivot Point can help.

Pivot Point brings an organized, well-managed approach to planning and executing your next Epic project. We put our lessons learned and strategic expertise to work to deliver forward thinking solutions.

Get the most value.

Our Epic experts can step in at any stage to help you drive user engagement, improve workflow and fulfill business goals.
