PIVOT POINT CONSULTING
A Vaco Company

Big thinking from the trenches.

We provide strategy planning & implementation success.

CIOs must design and execute IT strategies and plans that drive clinical care and business success; however, what defines a successful strategy is its implementation.

Pivot Point can help.

We provide the expertise, experience and market insight to foster innovation, maximize the value from IT assets and plan for a rapidly changing healthcare landscape.

Outcome-driven strategy & planning.

OUR PROCESS, YOUR RESULTS.

▶ DISCOVER.
- ▶ Develop a shared project scope, timeline and management approach to guide our work, ensure value-added deliverables and drive project success
- ▶ Review and understand the current state of EHR, business applications and supporting infrastructure and IT services (resources, roles, operations)

▶ PLAN.
- ▶ Use assessment findings to inform a go forward short and long-term, prioritized road map for EHR, business applications and supporting infrastructure and IT services (resources, roles, operations)
- ▶ Educate and engage stakeholders on the plan / roadmap

▶ IMPLEMENT.
- ▶ Assist with planning priority road map initiatives and support knowledge and asset transition

ADVISORY SERVICES.
- ▶ Data & Analytics
- ▶ Governance
- ▶ Interoperability
- ▶ IT Operations
- ▶ Mergers & Acquisitions
- ▶ Patient Engagement & Experience
- ▶ Privacy & Security
- ▶ Strategy & Planning

Why Pivot Point?

Pivot Point's Advisory Services team averages 25 years of healthcare IT experience.

We bring deep healthcare industry experience, as well as the breadth of Vaco's industry-agnostic expertise and perspective to drive growth, operations, projects and innovation.

Relationships. Reliability. Results.
