

Is it time to **pivot** and **point** your revenue cycle toward increased optimization?

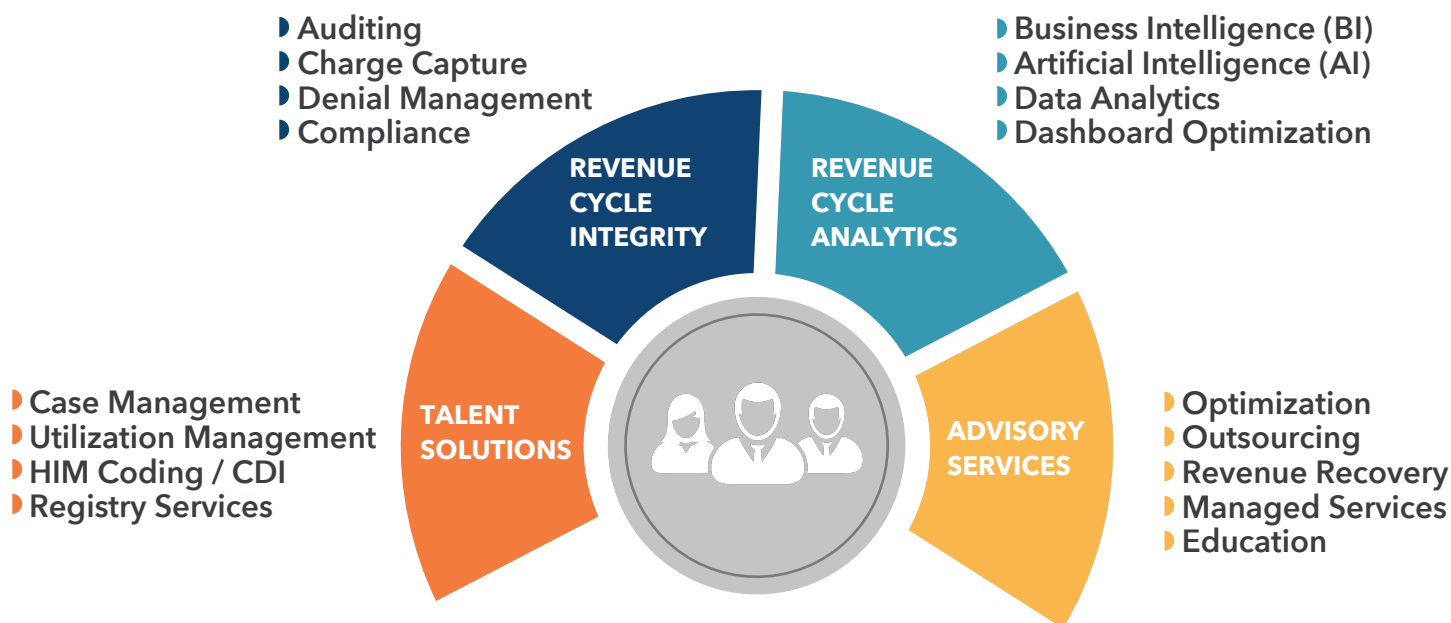

We enhance your quality measures and optimize financial reimbursement.

Our proven staffing and advisory services help you not only optimize your revenue cycle management, but also improve the quality of care, revenue cycle integrity, compliance measures and your patient experience.

Trust your financial data & your talent.

Our expert, "outside-the-box" Revenue Cycle Management solutions are integrated into your clinical workflow – whether it's providing you with carefully-screened, experienced talent who can hit the ground running, enhancing your patient experience or preventing denials before they happen to accelerate your care to claims process.

Broad in scale, boutique in service.

Relationships. Reliability. Results.

Optimize your efficiency by elevating your Revenue Integrity & Patient Experience

- How satisfied are you with your revenue integrity and reimbursement rates versus industry average?
- Does your talent enhance your patient experience?

Experts you can trust.

"We invest in our relationships to give you the boots on the ground you need today, but also create long-term, sustainable value."

-Clay Grissom, Managing Director
Business Development

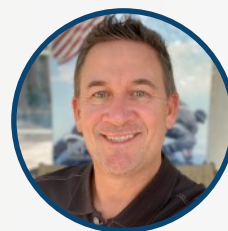

"We're committed to being a valued partner – meeting our clients where they are and taking them where they want to be."

-Betsy Johnson, Managing Director
Business Development

"We focus on solutions that meet your needs and alleviate your pain points."

-Teresa Gulino, Managing Director
Business Development

"We stand behind the quality of our resources and believe in the work they do."

-Clint Grissom, Managing Director
Business Development
